

Join Our Team as a Draftsperson!

Are you a skilled AutoCAD design/drafting professional with at least 5 years of hands-on experience? If so, we want you to be part of our dynamic team at ppd!

Key Qualifications:

- **AutoCAD Expertise:** You should have a minimum of 5 years of work experience in AutoCAD design and drafting. Your proficiency in AutoCAD will be pivotal in helping us bring our clients' visions to life. Having your own AutoCAD license would be a plus.
- **Educational Flexibility:** We value your experience and skills over formal education. You do not need an undergraduate degree in Landscape Architecture or Civil Engineering to excel in this role. Practical know-how and a strong work ethic are what matter most to us.
- **Earthwork Balancing:** If you have experience with earthwork balancing, that's a definite advantage. Your knowledge in this area will contribute to our comprehensive range of services.

The Ideal Candidate:

- **Positive Attitude:** We are looking for someone with an upbeat personality who not only follows instructions but also actively contributes ideas and insights. Collaboration is key to our success, and we encourage team members to share their perspectives.
- **Passion for Community:** If you're passionate about making a difference in communities and schools, you'll fit right in. Our clients rely on us for the planning, design, and construction administration of various projects, including sports fields, parks, athletic facilities, courts, and playgrounds. Your work will directly impact the quality of life for many.

Why Choose ppd:

- **Professional Growth:** At ppd, we foster an environment of continuous learning and development. You'll have the opportunity to expand your skills and knowledge while working on exciting projects.
- **Collaborative Culture:** We believe in the power of teamwork and encourage a culture where everyone's voice is heard and respected. Your opinions and ideas will be valued and appreciated.

- **Community Impact:** By joining our team, you'll have the chance to contribute to projects that enhance communities and provide valuable spaces for schools and sports enthusiasts.

If you're ready to take your AutoCAD expertise to the next level, and if you're excited about working on projects that positively impact communities, we want to hear from you!

How to Apply:

To apply for the Draftsperson position, please submit your resume and a cover letter outlining your relevant experience and why you're a great fit for our team to tmiller@ppdllc.net . We look forward to reviewing your application and getting to know you better.

Join us at ppd and be a part of shaping vibrant and thriving communities!
